

Maintenance Plan

This Maintenance Plan covers manufacturer-specified parts, labour, oils, and scheduled servicing requirements for qualifying vehicles, providing added peace of mind for ongoing vehicle maintenance.

What Is Covered

- Routine scheduled servicing according to manufacturer service schedules
- Maintenance work applicable to the vehicle
- Repairs resulting from normal wear and tear or mechanical/electrical breakdown
- Manufacturer-approved oils, lubricants and service fluids
- Approved genuine replacement parts required during servicing

Key Benefits

- Peace of mind motoring experience
- Protection against rising servicing costs
- Authorised dealership servicing
- Transferable to a new owner when fully paid up

Service Plan vs. Maintenance Plan

The comparison below outlines typical items covered under a Service Plan and a Maintenance Plan.

Component	Service Plan	Maintenance Plan
Air Filter	✓	✓
Fuel Filter	✓	✓
Oil Filter	✓	✓
